CREAM BAKING POWDER and also of the Royal Baking Powder. " find that DR. PRICE'S POWDER is made of pure materials

"It contains no Carbonate of Ammonia, but one-half as much starch as the Royal Baking Powder, evolves more carbonic acid gas, both by analyeis and by a practical test in the preparation and baking of biscuits makes a lighter, better flavored, and in my opinion, more wholesome article o' food."

and a fixed in the best coemical proportious for the objects to be attained."

"I regard the PRICE BAKING POWDER as superior to the Royal T Baking Powder for the following reasons:

1. It contains no Ammoni, a substance which is not advisabe in articles of food and unnecessary, if it is not positively injurious.

2. It contains less starch and, therefore, weight for weight, contains more of the active ingredients and is a purer article.

3. It evolves more carbonic acid gas and therefore more efficient, as shown by analysis and by experiment with a weighed quantity of bis-

cuit dough.

4. The ingredients are mixed in better proportions, so that there is less free alkaline carbonate remaining in the dough to impair digestion by

neutralizing the gastric juice. It gives a lighter and better flavored dough, owing to the fracts stated in Nos. 3 and 4 above."

Tknow of no respect to which DR. PINCE'S CREAK BARING POWDER is inferior to the Royal Baking Powder. am very respectfully yours, ELIAS H. BARTLEY, B. S. M. D.

DO NOT TAKE OUR WORD FOR IT. LET EVERY HOUSEKEEPER PROVE IT.

CHOLERA.

Pams, July 11th—The Gaulois to day publishes the following interview with Dr Koch Dr Koch
TOULON, July 10th, 5 30 Evening—Appended is an extract report of an interview I had last night with Dr Koch and his assistant Dr L Ibertz, of Frunk—

*'Are you off to Marseilles, dector?" 'les, no more for me to do here These, no more for me to do here in the year made up my mind. All the post mortding I have made confirm the results of niv first investigation, which put the Asiatic character of this scourge beyond question. I have found the same phenomena as in the cases which I investigated in India. The cases which I investigated in India. The cases which I investigated in India. Were the microbes identical?

were the misrobes identical.

Treousely I found numbers in the
body of that soldier, Bernard whose
post mortem I made on Bunday evening
indeed, I found more thun I had seen in Egypt Meests Strauss and Roux, who Egypt Meests Strauss and Konx, who were standing by, also recognized the presence of Indian microbes in Egypt but had always seen it mixed with others, whereas, in post mortems that I have made bere, the Indian microbes ontunibered the others immensely. Where do you find the mic obes in times of any density.

The microbe is rarely met with in the doct in the stomach. The disorders of the digestive organs and the gastric insorders are not invocable to at a at this is raffine in the small in testince, where it can easily multiply?

of the destruction of the micross by dryness leaf us to advise the closing up and drying of contaminated apartments for several days? Yes and to pronounce the disinfect ing of baggage, letters and travelers in effectual, I can not understand how any
